

Moses to Midian

A few notes:

1. The Medianites are dependents of Abraham through Keturah. This is his second family after Sarah dies. While they are not children of the promise, they are Abraham's descendants.
2. Mount Horeb is an alternate name for Mount Sinai.
3. In Chapter 2 of Exodus, the man who will become his father in law is addressed by the name Reuel. In chapter 3 he is addressed by the name more familiar to us, Jethro.
4. The two "fingers" coming up on each side of Mount Sinai are gulfs coming north out of the Red Sea at the bottom of the page. The one on the left is the gulf of Suez, and the one on the right is the gulf of Aqaba.
